**Attachments:** USEPA Delineation WP.pdf

Stephanie

On behalf of the Group, attached for your review is the work plan for additional groundwater delineation in connection with the upcoming OU-3 Pilot Tests. The plan should be self-explanatory and, as you know, we would like to get this moving as soon as possible (subject to gaining access, which we are working on).

Please let me know if any questions arise during your review so that we can get this finalized as efficiently as possible.

Have a nice weekend

Steve
